Duckers.

Crops are suffering for rain.

Mrs. W. R. Shaw has a very sick child.

Miss Sue Poynter is in very bad health.

The entertainment known as "Gum Buck" has become very popular in the "Four Corner" neighborhood. We like kisses, but we think the stolen kisses are sweetest.

The Woodford Fair, as such, was not a grand success, but loomed up in the distance as a racing association. There isn't a better track in Kentucky.

The Homestead affair is still the topic of conversation among the working classes. It is useless for Messrs. Carnegie, Frick & Co. to make statements, the people are not deceived. They know relief these men are guilty of insurrection and rebellion and they expect them to be punished. Neither do they allow Snowden, Steward or Hunter to shift the responsibility in the affair, but look upon the three as a disgrace to American soldiery. I am cheered an assassin, I am was a fool, but this need not and will not erase the name of brute from the others.

One man puts twelve pounds of Paris green on six acres of tobacco, just enough to poison, perhaps twelve thousand tobacco chewers. They say it don't kill white men, though it has been known to kill negroes and mules. If there is no law to prevent the use of poison on tobacco, our Legislature should pass one, and if there is a penalty attached, we call the matter to the attention of the grand juries of the tobacco growing sections of the State.

If Ira Julian is even half as popular abroad as he is at home he has certainly made his calling on election year. With the exception of a few old army comrades of Gov. Cantrill, everyone here is for Julian, and he can depend on Woodford.

BULLDOGS.

Why Don't You Stop

Coughing before the entire mucous membrane lining the air passage leading to the lungs becomes inflamed, as it surely will be from a cough neglected. There is but one remedy that gives instant relief and cures quickly. Dr. Hale's Household Cough Cure cures every kind of cough from a simple cold to ineffectual consumption. See a bottle at Carpenter's South Side drug store.

Shortsightedness.

To waste your money on vile, dirty, watery mixtures compounded by inexperienced persons, when you have the opportunity of testing Otto's Cure free of charge. Why will you continue to irritate your throat and lungs with that terrible hacking cough when Chapman & Williams will furnish you a free sample bottle of this great guaranteed remedy? Hold a bottle of Otto's Cure to the light and observe its beautiful golden color and thick heavy syrup. Largest packages and purest goods. Large bottle 50c.

Forks of Elkhorn.

Hot and dry—gardens especially suffering.

Irish potato crop rather above an average.

Tomatoes scarce—not nearly up to an average.

Other garden products up to the usual standard.

Regular services at Buck Run, Baptist Church, to-day and tomorrow at the usual hours. Rev. F. W. Eberhardt, pastor.

Bro. Burdin ministered to his flock at Long Lick, Scott county, last Saturday and Sunday.

Mrs. Jane Head and little granddaughter, Mattie Lucas, are on a visit to relatives in Lexington.

Mrs. Mary Warren, of Louisville, came up last week and will remain some time visiting friends in this vicinity.

C. H. Parrent and family have returned from a week's visit to friends and relatives at Bridgeport.

Mr. John Angrave, an old citizen of this county, we are sorry to know, is very ill at his home in Bridgeport.

The new residences recently erected in our town by Mrs. Petty, Mrs. Allen and Mr. McBride, together with the many other improvements added during the past few months, are indicative of prosperity.

Mrs. Eliza Warren and children, of Louisville, are visiting friends and relatives in our community.

The wheat has about all been

Royal Baking Powder Has no Equal.

The Royal Baking Powder will make sweeter, lighter, finer-flavored and more wholesome bread, biscuit, and cake than any other leavening agent. It is of higher strength, and therefore goes further in work and is more economical. All government and scientific tests go to show this. Royal Baking Powder as a leavening agent is absolutely without an equal.

Rush Medical College, Chicago.

As the result of my tests I find the Royal Baking Powder superior to all the others in every respect. It is entirely free from all adulteration and unwholesome impurity, and in baking it gives off a greater volume of leavening gas than any other powder. It is therefore not only the purest, but also the strongest powder with which I am acquainted.

WALTER S. HAINES, M. D.,

Prof. of Chemistry, Rush Medical College, Consulting Chemist, Chicago Board of Health, etc.

threshed. The yield is fully up to the expectation of the farmers.

Mrs. Zenada Kirk and children, of Chicago, are visiting friends and relatives in this county.

We are sorrow to know that Mr. Joe Parrent, Sr., is quite ill at his home in the South Benson neighborhood, this county.

Mrs. Juliet Wiggington and children are visiting relatives in Scott county.

Mr. Lew Cannon spent several days in Georgetown last week.

Our section was well represented at the fair held at Versailles last week.

Mr. J. A. Holton and Willie E. Parrent have each been quite sick during the past week.

Mrs. John Ready and son have about recovered from their recent illness.

Born—August 9th, 1892, to Mr. Jos. L. Holton and wife, a daughter.

Ben. D. Bell,

Druggist, of Lexington, Ky., says that Dr. Hale's Household Remedies (consisting of Dr. Hale's Household Cough Cure, Dr. Hale's Household Ointment and Dr. Hale's Household Tea) are the best sellers he has ever had in his store. This is owing to the great merit of these popular remedies. They invariably give great satisfaction, save many doctors' bills and work wonderful cures. Everybody should use them. 25 and 50c. at Carpenter's South Side drug store.

Lexington Fair.

The beautiful grounds and buildings of the Kentucky A. & M. Fair Association at Lexington will be thrown open on Tuesday, August 30th, continuing five days. The exhibitions at this fair grow better and better each succeeding year, and the management are straining every point to make the entertainment this year far excel any previously given. Excursion rates on all railroads, and the Electric Street Railway in Lexington convey passengers from the depots or other parts of the city right up to the grand stand for five cents. See advertisement in this paper.

Worth Knowing.

Many thousand people have found a friend in Aunt Fanny's Health Restorer.

If you have never used this great specific for the prevailing malady of the age, Dyspepsia, Liver Complaint, Rheumatism, Costiveness, Nervous Exhaustion, Nervous Prostration, Sleeplessness and all diseases arising from derangement of the stomach, liver and kidneys, we would be pleased to give you a package of this great nerve tonic free of charge.

45 CHAPMAN & WILLIAMS.

How to Cure a Cold.

Simply take Otto's Cure. We know of its astonishing cures and that it will stop a cough quicker than any known remedy.

If you have Asthma, Bronchitis, Consumption or any disease of the throat and lungs, a few doses of this great guaranteed remedy will surprise you.

If you wish to try it at our store, on Main street, and we will be pleased to furnish you a bottle free of cost, and that will prove our assertion.

45 CHAPMAN & WILLIAMS.

Sullivan and Corbett Meeting at New Orleans.

For this occasion the Queen & Crescent Route will sell round trip tickets at half rates. Tickets to be sold September 3, 4, 5 and 6, good returning until September 20th, 1892. Connection lines will also sell tickets over the Queen & Crescent Route at reduced rates.

This line is the only line running Vestibuled Trains from Cincinnati to New Orleans. Its 94 miles the shortest, and its regular trains make quickest time both from Cincinnati to New Orleans and from New Orleans to Cincinnati.

All tickets are accepted on our Vestibuled Trains without extra charge. Our rates and the rates of our connections over this line are as low as by any other.

We have two through Vestibuled Trains between Cincinnati and New Orleans every day in the year. On Sunday, September 4th, 1892, we will, in addition to regular service, run a special train to New Orleans, making a fast run through. All tickets will be good on this special as well as on regular trains.

For information, sleeping car berths or rates, or reserved seats in the Club ask nearest railroad agent or write to D. G. Edwards, G. P. A., Q & C. Route, Cincinnati, Ohio.

A Little Girl's Experience in a Lighthouse.

Mr. and Mrs. Loren Trescott are co-operators of the Gov. Lighthouse at Sand Beach, Mich. and are blessed with a daughter, four years old. Last April she was taken down with Measles, followed with a dreadful Cough and turning into a fever. Doctors at home and at Detroit treated her, but in vain, she grew worse rapidly, until she was a mere "handful of bones." Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at PHIL. CARPENTER'S Drug Store.

GOOD THINGS

ARE IN STORE FOR YOU.

THE GOOD THINGS WE REFER TO ARE IN OUR STORE, AND THEY ARE THERE FOR YOU AND EVERYBODY.

OUR STOCK IS LIKE A STREAM—hundreds take from it, yet it never diminishes. This, of course, is because there is a never-dying spring of supply that feeds the stream.

SLUGGISH STREAMS STAGNATE—So do sluggish stocks. They become decayed. They are not fit for commercial use any more than decayed meat. Finally, they are known as "dead."

CONSTANT MOTION KEEPS WATER IN THE BEST CONDITION—and a constant flow of trade keeps a stock in best condition. We have no dead stock, because our stock never stands still. It is always flowing out and flowing in.

DO YOU APPRECIATE THE ADVANTAGE of buying always from a clean, fresh stock of new goods? If you do, you can have that advantage by trading with.

Killed Accidentally.

Mrs. Warfield, who lives near Antioch Church, was ill on Friday of last week and expressed a wish for a young squirrel to eat, when Mason Warfield, her 12-year-old son, and Chas. Shannon, a young man aged about 10 years, who was visiting the house, got down a 32-calibre rifle and started out to kill one for her. The two had gone some distance from the house and were sitting down in the woods watching for a squirrel, Shannon holding the rifle in his lap, when the weapon was discharged accidentally, the ball striking young Warfield in the head and killing him instantly. Young Shannon came to this city, stated the facts and surrendered himself to Deputy Constable H. Davis Harrod, who held him in custody until the next morning, when Coroner Dehoney went out and held an inquest on the body, and the evidence showing that the shooting was accidental, the jury brought in a verdict to that effect, and Shannon was dismissed.

The Temptation.

To go out of doors in rough weather is not strong, but we are many of us, compelled to face rough weather frequently. Diseases which arise from a chill are peculiar to no season of the year. This is true, therefore there should be in the closet of every household what? Not an unmedicated stimulant, absolutely void of anything but an active action, but a tonic combining in the effective form of an invigorant and an alternative, the quality of defense against changes of weather. Hostetter's stomach bitters has three or four properties that no other article of its class possesses. Not only does it reflect the complaints which it neutralizes, it fortifies the system against the bad effects of changes of temperature, fatigues and too often causes in the deadly form of "la grippe," it produces a radical change in the weakened condition of a system peculiarly liable to be attacked by it, and it tends to provide against the danger resulting from an impoverished condition of the blood and a disordered state of the liver or bowels.

Free Tuition.

The Trustees of Georgetown College have provided to give free tuition to three young men from each county in the State on the following conditions:

1. That they are unable to pay their tuition.
 2. That they are young men of good moral character.
 3. That they have been studious and give promise of good application. Should more than three apply, choice will be made by competitive examination.
- The full term of the college opens September 6th. For further particulars, please see Colonel Thomas Rodman at the Farmers' Bank in Frankfort, or address Rev. M. M. Riley, D. D., Georgetown, Ky.

Mr. John Carpenter, of Goodland, Ind., says: "I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea and severe cramps and pains in the stomach and bowels, with the best results. In the worst cases I never had to give more than the third dose to effect a cure. In most cases one dose will do. Besides its other good qualities it is pleasant to take." 25 and 50 cent bottles for sale by J. W. Gayle, Druggist.

Give Us Good Walks.

As the Governor has knocked out with his veto the plan of the City Council to raise money to improve our streets by paving them with brick, that body might now turn their attention to giving us good sidewalks. It is not necessary to have legislative authority to raise money for the purpose. All that is necessary

is to display a little backbone in ordering the property holders to do the work, and if they fail to obey the order have it done for them. The whole gang will kick at first and swear they won't do it, but just pick out one of the kickers and make an example of him, and the balance will dance up like little men. A man who won't build a sidewalk in front of his property or keep it in repair when built, should be made to do so or forced to sell out and go to the country where sidewalks are not needed.

When Nature

Needs assistance it may be best to render it promptly, but one should remember to use even the most perfect remedies only when needed. The best and most simple and gentle remedy is the Syrup of Figs, manufactured by the California Fig Syrup Co.

General George B. Hodge Dead.

For many years General George B. Hodge, of Longwood, has been a conspicuous resident of Orange county. He came from Kentucky, was a brigadier general in the Confederate army, and the one of that rank residing in Orange county, Gen. S. G. French, of Winter Park, ranking one degree higher.

Last Monday morning Gen. Hodge was in Longwood, did some shopping, after which he left for his home a short distance from the village. That night, soon after dark, Mr. George Greenwood started into Longwood for his mail, and when within half a mile of town he found the body of Gen. Hodge lying in the road, cold in death. Several paces from where the body was, lay the basket containing packages of merchandise that the deceased had purchased that morning and had started home with. The body was taken charge of by the proper authorities, an inquest was held, and the coroner's verdict was that death resulted from natural causes.

The deceased was very aged and decrepid. He was a lawyer of acknowledged ability.—South Florida Sentinel, Aug. 5.

Gen. Hodge was a Representative from Campbell county in the Legislature of 1859-'60, and will be remembered by our older citizens as a leading politician of that day.

FRANKFORT ROUNDABOUT
FRANKFORT, AUGUST 13, 1922.

Base Ball.
HARRDSBURG VS. FRANKFORT.
The Harrodsburg team came down on Friday afternoon of last week and played a return game with the Frankforts. In the first inning the visitors jumped on to Merchant and made three runs, but after that he settled down and they only got two more across the plate. In the third out boys, who had been playing a loose game, pulled themselves together and made four scores, batting Chinn out of the box. In the fourth Patterson went in to pitch when five scores were made off him, and two more in the fifth. In the third inning Weisiger Lindsey was taken sick and retired from the game, VanDerveer going to center field and Newman coming in to third base. In the first half of the fifth McGann, the Harrodsburg catcher, ran into Henry Lindsey at first base, just as he was in the act of catching the ball, and one of the small bones of Lindsey's left wrist was broken in the collision, forcing him to retire from the game also. Weisiger Lindsey, who had been feeling rather unwell, felt so much better that he took Henry's place at first and played the game out. In the sixth inning the Harrodsburgs, seeing they had no chance to win—the score standing 13 to 5 against them—gave up the game and left for Lawrenceburg to catch a train on the Louisville Southern for home.

THIS GAME AT PLEASUREVILLE.
The home club went to Pleasureville Saturday afternoon on the 3 o'clock train, accompanied by a large crowd of enthusiasts, and played the club of that place. It was a rather patched up nine, Frank Barrett playing third, Penn Merchant first, Dick VanDerveer left and Stagg pitching, but the game was lost only by the toughest sort of luck.
The Pleasureville grounds are miserable, and they played an important part in the result. The three scores made by Pleasureville in the sixth were the result of the unevenness of the diamond. Kessler was at the bat, with two men on bases and one out. He hit a grounder to third, upon which Barrett could have easily made a double play, but the ball took a sudden bound on the rough surface and went over his head. VanDerveer ran up to stop it and the same thing happened again. Dick then ran back after the ball and threw it to Barrett

to head off Kessler, and another crooked bound was the result, and three scores were chalked up.
The Pleasurevilles played the better fielding game up to the last two innings, when they went all to pieces, and only their good luck saved the score from being very much closer, if not tied. With two on bases in the ninth Davis knocked the longest hit of the game, which would have been good for a home run, but it dropped foul by a few inches. He afterwards made a hit, but it was only a single. With Davis and Merchant on the bases and two out, Wintersmith knocked a beautiful line hit, but, as had been the case with his previous attempts, it was right in a fielder's hands and the game was over.
No one who did not see the game could realize how tough the boys' luck was. Wintersmith knocked two beautiful hits over the left field fence which just did land foul, and he hit the ball hard every time he came to the bat, but it so happened that a fielder stood just where the ball landed every time. Had the outfielders stood but a short distance on either side of where they did it would have been impossible to catch the ball before it touched the ground, as the hits were all high liners. Tommy Newman played all over center field and made a number of brilliant running catches. The best playing for the Pleasurevilles was done by Merchant, Carroll and Black.

FRANKFORT VS. ZULAFUS.
The Zulafus of Jeffersonville, Ind., assisted by Claude McFarland, and Fred Zahner, two of the best players in the Louisville City League, crossed bats with the home club at Lake Park on Tuesday, and were badly beaten.
The home club put up the liveliest, most dashing game seen on the grounds for some time until it was apparent that they had the game won, when they took things easy, but were careful not to let the score become too close for comfort. Although their batting was light, they were quick to take advantage of every one of the visitors' fourteen errors and five bases on balls, two batters hit, a wild pitch and five passed balls materially assisted them. It was a procession, rather than a game, with Tommie Newman and Frank Barrett at the head of the first

division. The way those two stole bases was a caution, and Roxy took care to work them in as substitute runners whenever there was a chance. Between them they committed larceny on about ten bags, though the score gives them only four, as the credit had to go to the batter for whom they were running. They got Carroll so wrought up that he invariably fired the ball into center field whenever they made a break for second, which of course advanced them still further. After Zahner went behind the bat things were not so bad, but still they were quite lively.

There was nothing especially noteworthy about the holding of either side, except the pretty double play by Barrett and Lindsey and Claude McFarland's fine catch of Stagg's hit to left center. Zahner lived things up by making two beautiful three-baggers, but Merchant was very effective, in spite of the nine hits made off him, as thirteen strikeouts will attest. He struck out Claude McFarland three times, and did not allow him a hit. He also gave but two bases on balls, while Carl, on the other hand, although he kept the hits very much down, virtually threw away what hope his club had of winning by his wildness.

The score follows.

SARAH JANE.

During the epidemic of flux in this county, in 1888, I had hard work to keep a supply of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand. People often came ten or twelve miles in the night to get a bottle of the remedy. I have been selling patent medicines for the past ten years and find that it has given better satisfaction in cases of diarrhea and flux than any other medicine I have ever handled—J. H. Benham, Druggist, Golconda, Pope Co., Ill. Over five hundred bottles of this remedy were sold in that county during the epidemic referred to. It was a perfect success and was the only remedy that did cure the worst cases. Dozens of persons there will testify that it saved their lives. In four other complaints this remedy has been equally successful. 25 and 50 cent bottles for sale by J. W. Jayle, Druggist. 48-41.

FOR SALE—A New Process gasoline stove, which has been used but little and nearly as good as new, is offered for sale at a bargain. Apply at this office. 41-17.

Deafness Can't be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that we cannot cure by taking Hale's Catarrh Cure. Send for circulars, free.
